

At Hurstbourne Tarrant Church of England Primary School children have been taught using an integrated creative curriculum over the last few years. The integrated curriculum is currently being reviewed and updated ensuring that each child meets all the new requirements whilst remaining skills based using our Learning Toolbox focusing on: independence, collaboration, communication, perseverance, confidence and reflection. Each unit of work also develops pupils’ knowledge and understanding of certain concepts such as: technology, culture and identity, civilizations, adventure, settlers, ourselves, environment, disasters, conflict, fables, myths and legends. The teaching of these concepts begins in Early Years and continues as pupils reach Year 6.
